The Department of Mathematics at West Virginia University invites applications for multiple faculty appointments at the rank of either Teaching Instructor or Teaching Assistant Professor. Appointment at the rank of Instructor requires a master’s degree in Mathematics, Statistics, or a closely related area. Appointment at the rank of Assistant Professor requires a doctorate in Mathematics, Statistics, or a closely related area. All positions require excellent written and oral communication/teaching skills, evidence of ability to provide excellent instruction at the undergraduate college or university level, ability to use technology and online resources such as online homework systems in an instructional setting, and ability to work with colleagues in a collaborative teaching environment to implement innovative instructional methodologies in high enrollment, coordinated course structures, particularly in developmental math and/or calculus. Curriculum development may be a first year component of the Teaching Assistant Professor assignment(s). Most courses will be taught within the Institute of Math Learning (IML), part of the Department of Mathematics, and utilize technological tools such as computer based testing, spreadsheets and other applications to support instruction.

Teaching faculty appointments at WVU are full-time, nine-month, renewable term appointments with full benefits. Teaching faculty with terminal degrees are eligible for promotion in rank; however, promotion to senior ranks is not a requirement for institutional commitment and career stability. The teaching load is eight courses or course equivalents per year, with no traditional research assignment. Teaching faculty are expected to present evidence of ongoing engagement in assessment-based advancement of instructional processes. The initial term is for one-year, renewable thereafter in terms of up to three-years for successful teaching faculty, with no maximum number of terms. Summer teaching for additional compensation may be available. For more information see http://www.math.wvu.edu/.

To submit an application, please send a cover letter addressing the skills and qualifications above and indicating the positions for which you wish to be considered, CV and have three letters of recommendation forwarded to

Open Positions  
Department of Mathematics  
Box 6310 West Virginia University  
Morgantown, WV 26506

or send via email to appts@math.wvu.edu. Review of applications will begin on March 20, 2015 and will continue until the positions are filled. WVU is an EEO/Affirmative Action Employer and welcomes applications from all qualified individuals, including minorities, females, individuals with disabilities, and veterans.
