Section info: <http://jacobi.math.wvu.edu/~slowitzsch/math155.html>

During the semester you will be given quizzes that will count 100 points (out of 742) towards your final grade. Additionally, you will be assigned homework problems taken from the chapters covered during the semester. I will take quiz problems from the homework assignments, hence I highly recommend to cover the assigned homework problems continuously during the semester as preparation for both, quizzes and exams.
